Paper Regular Box

Aluminum pouch

Package Sizes

We currently provide pack sizes that are 50 gms, 100 gms, 500 gms, 1 Kg, 10 Kg, 15 Kgs, 20 Kgs, 50 Kgs, and also provide larger bags in bulk quantities in accordance with your needs. We pack using Aluminum or Golden vinyl air-tight, waterproof pouches for all our powder products.

Quality

Our focus on quality is par excellence. We test our products for long term, general side effects. We've found that there are no side effects when it comes to the general population, men and women, who have been using our line of products over the last 25 years. We are highly conscious and careful at every step, from sourcing product - raw materials, manufacturing, and the packing process. Our packing includes aluminum/gold foil pouches that seal in the freshness, keeps the product airtight, and waterproof till the consumer opens it for use. We refine our powders using the Triple-sift method using the best technology available to get the best quality to the end consumer.

Ask us about our **Oxo-Biodegradable** Plastic bags that are 100% eco-friendly. We can vacuum pack products for freshness upon clients' requirement only.

Consumer Feedback

We take all customer feedback, good and bad, and pass them on to our entire team. We then communicate consistently to refine our products and processes as needed to make sure we get better at every level, so that distributors, retailers, and the end consumer benefit. We try to price our product competitively to retailers, so that our long term goals of product expansion and global consumer reach is helped adequately.

Bio-degradable bags are 100% compostable and eco-friendly.
